Thursday, 8th February 2018

Dear Parents and Carers,

We are aware that many of you are having frustrating issues with Spellodrome, as we are too in school. I understand that some of it is based around Flash Player, and computers are saying that Flash is not installed or enabled, when in fact it is.

It is possible that this is due to the internet browser you are using and sometimes computers default to Microsoft Edge, Google Chrome, Firefox and others.

In school, I have found that when good old Internet explorer is used, Spellodrome works.

To find this on your computer, you'll need to press the Start icon which is usually in the bottom left hand screen. It should then be possible to search a particular item by typing it in. If you type 'Internet Explorer', it

should (hopefully) come up as an option. 

With some luck and magic, Spellodrome should work within this. I know it seems like it is just the same as the Internet browser you've been using, but other browsers are causing a problem for Spellodrome.

If this problem continues, please do speak to your child's teacher.

We also hold homework clubs at lunchtime in the ICT suite for children who may be having technical difficulties.

Thank you for your patience.

Mrs. Pearson

Assistant Principal
