Friday, 20th March 2020

Dear parents and carers,

As you are aware, all schools in England have been instructed to close for the vast majority of pupils at the end of the school day today until further notice.

Following the [guidance](#) issued last night, we are able to share the following plans and information with you.

The government have shared their list of 'key workers' now, this guidance can be found [here](#). If you believe that you meet the key worker criteria and would like your child to be considered for a place in the 'reduced provision' offered at Manor Green, please come along to school on Monday morning at 9:00am to speak to us to discuss eligibility and, if eligible, to complete a registration form.

As the reason behind the closure of schools is to limit the potential spread of the COVID-19 virus, it is important to note this section of the guidance from the DfE: *'Many parents working in these critical sectors may be able to ensure their child is kept at home. **Every child who can be safely cared for at home should be.** This is an offer to parents and carers and there is no requirement for parents and carers to send their children to school if they do not need or wish to do so. **For vulnerable children, your child's social worker will work with you to assess the best option for your child.'***

The Government advice contained within their latest update this morning is that parents should keep their children at home, wherever possible and that they've asked schools to remain open only for those children who absolutely need to attend.

As always, we will keep you posted with more information, as and when we have it.

Thank you for your continued help and support.

Take care and stay safe.

Kind regards,

Mr. S. Mycroft
Vice Principal
